

BEST OUT OF WASTE ACTIVITY

18-08-2023

Under the adept guidance of Principal Dr. Mandira Gupta, the Institute of Vocational Studies orchestrated a highly successful "Best Out of Waste" activity that saw vibrant participation from all the students of IVS. Demonstrating an inspiring level of enthusiasm and zeal, these students channeled their creative energies into repurposing discarded materials, resulting in an impressive assortment of artistic creations ranging from functional utility items to intricately designed sculptures. The invaluable mentorship of CCA incharge, Ms. Sangeeta Kaushik throughout the event not only nurtured their artistic talents but also instilled a sense of environmental responsibility. This initiative stands as a testament to the institute's commitment to fostering both creativity and sustainability within its student community, underpinning its holistic educational approach. The heartfelt appreciation from both the organizing committee and the spectators underscores the magnitude of the accomplishment and encourages continued dedication to such endeavors.
