

# Clean Campus Campaign

Under ECO-CLUB (16-8-2022)

Clean Campus promotes hygiene, it improves hygiene level in campus and also helps to reduce the spread of sickness, maintaining a clean college which makes them less likely to drop litter and as such they will potentially make a bigger effort to maintain their environment. Cleanliness gives rise to a good character by keeping body, mind, and soul green and peaceful. Maintaining cleanliness is the essential part of healthy living because it is the cleanliness only which helps to improve our

personality by keeping clean externally and internally.

Institute Of Vocational Studies has organised a Clean Campus Campaign under Zero Garbage Concept in college (Yearly Schedule of ECO-CLUB) on 16th August 2022. The main aim of this activity is to educate and to promote civic sense among students and community. IVS ECO-CLUB went to all the classes and briefed about the importance of cleanliness of the campus. Students were advised not to throw paper plates, water bottles, paper cups, tissues, and unwanted things on campus lawns, library, cafeteria, garden, sitting area, corridors, classrooms, pathway and other open areas which is very unhygienic to all of

us.They were also informed to make the college campus & clean classrooms a beautiful place for one and it makes individual healthier when the environment around them is healthy.
