

TREE PLANTATION REPORT

Under ECO-CLUB

IVS

DELHI 23-10-2020

- A tree plantation, forest plantation, plantation is a forest planted for high volume production of wood, usually by planting one type of tree as a monoculture forest.
- A very auspicious tree plantation programme was organized in our institute to create an awareness regarding climate change and its adverse effect on us.
- The programme started at 10:00 the guest of honor for this tree plantation programme was Principal of IVS DR. MANDIRA GUPTA, A range of 200 plants were planted in the neighborhood area and in the college to create an awareness about saving trees. We planted neem trees as it contains medicine properties as well as giving shade for human beings. The programme ended at 12 noon.
- We as an institute pledged to plant as many trees as possible near areas so as to create a very healthy environment and contribute in minimizing the climatic changes.
- We hope that everybody plants a tree in their lifetime and contributes to minimizing the climatic changes. I thank our Principal mam and school staff in supporting us for this noble cause.
